

Breathe Pure Oxygen

www.oxy99.in

ING L&A BOSCHI, ITALY

A leading manufacturer and exporter of air separation plants, oxygen plants, nitrogen plants and acetylene plants. The company started manufacturing nitrogen & oxygen production plants at a factory in New Delhi (India) in 1985 and air separation columns in Genova, Italy.

The company manufacture and export a number of plants with different sizes that are certified to meet international specifications, and exported globally under the same world renowned 'Boschi' Italy brand name. The engineers are specialized in the designing & drawing of oxygen & nitrogen production plants & were trained under Dr. Boschi of Italy.

OXYTM
99
Breathe Pure Oxygen

Oxygen is our primary source of energy and is vital for our brain & body function. It calms the mind & stabilizes the nervous system. Without oxygen we cannot absorb important vitamins, minerals, and other nutrients that our body needs. Oxygen shortage in the body has been linked to every major illness category including respiratory disorders, heart conditions, and even cancer. OXY99 is the simple and sustainable answer to your wellbeing.

THE ULTRA PORTABLE

Hypoxia & Hypoxemia
Influenza & Emphysema
O.H.S. and Others

OXY99 IS NOT JUST A LIFE SAVER,
IT IS A LIFE ENHANCER.
IT IS FOR EVERYONE.

Emergencies

OXY99 can be a life saver in a host of situations where oxygen may be immediately required to increase the low oxygen levels. OXY99 is also ideal to use as a first aid for treating hypoxia, hypoxemia, emphysema, cluster headaches, breathlessness, etc.

Freshness & Energy

OXY99 offers pure oxygen for freshness and energy which is an ideal product for revitalizing you from the stresses of modern life that leaves you exhausted and out of breath.

High Altitude

OXY99 can be used at high altitude where the level of oxygen drops significantly making it harder to breathe. These portable cans are handy for people to carry during adventure sports like trekking, mountain biking, skiing and hiking.

Sports & workout

Oxygen is considered the best tool for pushing the limits of your physical and mental boundaries. Oxygen will help you to improve muscle strength and stamina besides enabling to recover instantly from fatigue and soreness.

Respiratory Aid

OXY99 helps you recover from breathlessness & suffocation caused by pollution, smoking, stale air, poorly ventilated rooms etc.

Beauty

OXY99 treats your skin from within as it lets you take control of what you breathe when you need it most. 3-5 inhalations of OXY99 daily as part of your morning and evening skincare routine helps your skin and body feel rejuvenated.

Work & Travel

Work smarter with OXY99, inhaling pure oxygen helps improve focus & clarity and keeps you alert as well as energized during a long day at work or school. OXY99 is a great aid for business or leisure travel, helping you ensure that you get going refreshed.

Pollution Defense

OXY99 enhances the body's immune system and ability to fight infection and detoxifies the body. It also increases antioxidant production, stabilize the free radicals and prevent cell damage.

Wellness

OXY99 also gives your mind and body the boost it needs to decrease stress and improve cognitive performance. It also helps in improving memory and reaction time of your body.

OXY99

OXY99 is medically certified oxygen in a can intended to be used as a supplement where bulky oxygen cylinder may be inconvenient to use, not easily available and approachable.

OXY99 will certainly improve the lifestyle of the patient and can be inhaled directly through the dispenser fitted on the can and even through the standard oxygen mask.

OXY99 can also be administered to patients in many other medical conditions wherever the Doctor think suitable.
